BOX OR BIN TO STORE LG PIECES

MAKE SOMETHING THAT *moves*

1. Sketch
2. Build
3. Program

$ TIPS $

- have or order extra parts on hand.
- 2 kids per kit, same ax
- have a spare parts container
- place to store in-progress builds
- do a example build, then do something that moves
- label kits with a # and keep a list of who is on each kit!
